To the Most Reverend His Grace
Lord Ar. Bp of Down
P. Primate of Ireland

Bartlett's Buildings,
28. Nov^r. 1734.

My Lord I had the honour of y^r. Grace's Letter
of the 7th Inst. accompanied with a Bill on M^r. Savage for 10. l.
as a ^{from y^r. Grace} benediction to the poor Saltzburghers, of which a Report
being made last Tuesday by M^r. Tillard one of the Trustees
for ~~that~~ ^{to the Society} collections on that Service (who receiv'd it) I was
order'd to desire y^r. Grace would accept the Thanks of
Society for that second Favour of y^r. Grace to those pious
confessors. The last Transport of them to Georgia sail'd
from the Downs the 3th Inst. and had a fair wind for abt. 10. days
The Society have advice to expect another Transport next Spring.

I took the liberty to recommend to My L^d. Bp of Down an
application to the Countess of Harold & other Trustees of the late
Earl of Thanet's great charities left to religious use, for a
Share of it, to the New Incorporated Society at Dublin. If y^r.
Grace approves of making such an application, and will be pleas'd
to recommend it in a Letter to S^r. Hans Sloan Bart. who is Physician
to the Countess, I have reason to believe he will heartily support it
but then no time must be lost to come in for a Share of the dis-
tribution this year which will be made ^{some time} next month. I am
My Lord y^r. Grace's

To the Most Rev.
the L. Primate of Ire.
My Lord

Bartlett's Buildings
5th. Dec^r. 1734.

I Yesterday rec'd the ~~honour~~ of y^r. Grace's
Packet enclosing a Memorial to the Countess of Harold &
the other surviving Trustees for the late Earl of Thanet's
Charities, but having ^{already} sign'd ~~so many~~ ^{several} Memorials & con-
vey'd them by order of the Society to ~~that~~ ^{where} Her Ladyship
&c. it would endanger the ~~the~~ success of the Memorial from
Ireland if it had gone through my hands, ~~for~~ to prevent
which

(2)

which I took the liberty of recommending a very good
hand, if ~~your Grace should~~ in my letter of the 20th of
last month, ^{which I find could not be} ~~but I find~~ if it had come to your
Grace's hand ^{in time} ~~and~~; I am under equal diffi-
culty of being the Bearer of it to S.^r Hans, he being
so good as to permit my troubling him with the Memorial
from our Society. I therefore went to M^r. Nesbit to
beg him to present it but he being laid up with an
Aguer, refer'd me to his Bro^r. Gault to whom I imme-
diately went, and after acq^{ing} ^{him} with the Copy, he
told me he was a perfect stranger to the Comtee, but
if ~~W^t. Savage could be persuaded~~ ^{him} ~~on to accompany him~~
~~he would not defer~~ I would meet this day at the Bank &
try if I could prevail on W^t. Savage to present the
Memorial ^{at my} ~~in~~ y^r. Grace's ~~own~~ direction. I did so &
W^t. Savage declining it, W^t. Gault ^{at last} has been so kind
as to ^{undertake} ~~accept~~ of presenting the ~~Memorial~~ ^{with y^r. Grace's letter} and
intends ^{to} apply himself to W^t. Lamb ~~or~~ ^{Mr. Cook or} W^t. Cook to intro-
duce him ^{to the Comtee of Harbors} ~~so the affair lies at present~~, and I hope ~~it~~
is in a good a way that if it ^{comes time enough} ~~don't come too late~~
~~for this year's distribution it will have a good~~
~~effect~~ ^{if it comes time enough to be included in this year's distribution} at least that ~~will~~ ^{not fail to} ~~another~~ year your
application will be remembered.

My Duty to the Society and please to believe that I am
with all possible respect

I don't write to M^r. Hansard My D^y. y^r. Grace's

an acct. of this presuming
the will be acqu^d with it from W^t. Gault sends his Duty
to y^r. Grace.

Sir I have procur'd 3. Copies of the Irish
Charter & other papers relating to it in the last of which
you will find y^r. self with other worthy persons in
London nam'd to be receivers of Benefactions to that
Christian Design. I made y^r. complement last night
to my Lord Primate & acquit him of y^r. having kindly under-
taken the affair which I hope cannot fail of success in
so good hands. I am y^r. most humble Serv^t.

7. Dec^r. 1734.

Sir

I wrote to D^r. Swynfon last month acquainting him
that you had wrote to him about his Son, but whether he has made any
Answer to you I don't know, however I think it the part of a friend to him
to acquaint you with a Paragraph of his Letter to me. of the
27th of Novemb^r. last.

" I was favour'd with y^r. Letter of the 19th. instant and am oblig'd to you
" for y^e. acc^t. you give me of my Son. That Boy's conduct has much al-
" my heart, I should think my self very happy could I make him good
" for any thing. His inclination to the Army is now to me, and I confess
" it what I am greatly averse to. I wish he would turn his Thoughts -
" another way.

I send this for fear the Doct^r. has not wrote to you that you may at
the next breaking up of the School fully give y^r. advice abo^t. disposing of
him.

If he is inclin'd by Soc^r. Service perhaps the D^r. might not be against
that, especially as it may give him some knowledge of y^e. world to travel
in a Man of War bound to y^e. Mediterranean or West Indies and serve to
fix an unsettled Temper. This I take it would be very practicable if the
Father and Son approve of it. And he may be sent to y^e. Mathematical School
at

(4)

at Portsmouth to qualify himself for going on board a ship in Spring. Pray
sound his Inclinations to this & let me know yo^r tho^ts, or send them directly by D^r.
I am really so much a stranger both by Father and Son's inclinations that I
can make no Judgm^t nor form any Opinion upon them.

Master Lawrence I find is to come home next Monday Evening, when he
will be welcome on condition he will attend the Drawing School on School days
& such other improving exercises as I may find him, otherwise he will spend
his time better with you, & I would allow him $\frac{1}{2}$ a Guinea for his Annual
Box to keep him out of the Dirt of London, but if he wants Coats &c. then
he must come which I leave to yo^r Wife's prudent Consideration. If he is
manly enough to be admitted by yo^r Cables after Christmas I will allow the
Price you require for that privilege with all my heart, if it may not provoke
the Envy of Mess^r. Evans or some other of his School fellows without their
Enjoying the same.

If that be an objection I will speak to M^r. Evans to desire the same
privilege for his Son, or to any other you may recommend that I may
give no occasion of uneasiness. I am

Yours most humble serv^t

Dear S^r.

I am ashamed my acknowledgm^t have been so
long going to you, but to tell you the truth the Society have
been of late so much crowded with Business that this I
have several times put M^r. Tillard in mind of moving ⁱⁿ
for a Gratuity for the Service you have done to them ^{& he does not want inclination to receive it}
~~M^r. Tillard's advice~~ there has been a necessity of postponing
it, I therefore now by M^r. Tillard's advice propose the paying
you five Guineas by way of Debt and not as a gratuity
from the Society and that you would send me Receipt
wrote ^{in yo^r own hand} the terms I have enclosed that I may charge it
accordingly ag^t. Our next audit. If you will order the person
that

that bring the Receipts to receive the 5 Guineas they shall be paid, & whenever ~~of~~ you please.

I have antedated the Rec^t. relating to the Saltzingers that it may correspond with an Acct^t. W. Tillard is to pay me, the other way be dated when it is paid by

Deart^r. I receiv^d y^r. favour of last month and sh^d sooner have answer^d it, but was willing to take proper opportunities of communicating y^r. desires to the Gent. you nam^d before I did it, who all seem inclin^d to serve you when occasion offers, but upon the Death of W^t. Downing there were 7. or 8. Candidates to succeed him ^{viz. W^t. Downing} the principal of which were W^t. Wilson, W^t. Juny, W^t. Rivington, W^t. Acres, W^t. Chalmers, W^t. Millar, W^t. Gardner and another. I have ^{with some others} ~~to attend~~ ^{at a full meeting of the} ~~the N. Church in the Strand,~~

(6)

long before y^r. l^{ts}. came to hand they
~~applications~~ the Society chose to continue M^r. Downing ^{at least} especially
as she was poss^d of many Copies, till next Audit in Feb^y ag^t.
which time if their business be ~~not~~ ^{not} dissipated ^{to their satisfaction} as ~~usual~~ ^{usual} they may
perhaps choose to ~~continue to~~ employ her, ~~for whoever succeeds~~
~~her Husband~~ as she is poss^d of many Copies and has a large
Stock on her hands that the Society will think themselves
oblig^d ^{in justice to} ~~to take off her hands or~~ ^{to} ~~engage her~~ ^{to} ~~superior to purchase~~
~~which some of the Candidates indeed offered~~ before they can dis-
-charge her. Upon which considerations I doubt you will hardly
think it worth y^r. while to accept it, ~~but~~ though y^r. qualifications
^{interest} & intentions are ~~strongly~~ ^{much} in y^r. favour if you should think fit to
~~use them~~ make use of them.

The Society are much oblig^d to you for the continuance of y^r.
Solicitation in regard to Col. Waller's affair, and wish it may at
last come out in any measure for their interest ^{by way of} ~~the way of~~ competition
which I believe I formerly ag^d you was entirely left to y^r. discretion.

I should be glad to hear y^r. own affairs were now ended in full
to y^r. satisfaction, that y^r. friends here might have the happiness of
seeing you which none wishes for more than

I have wrote to D^r. Pardo

Madam

~~Having~~ rec^d y^r. letter of the 4th Inst. and
~~last week~~ I waited
on M^r. Evans and his Lady wth M^r. Madocks, and made y^r. comple^{ments}
-ments to 'em, and M^r. Evans has promis^d to send you a letter ^{approp^y}
Holidays if not before, and they all send their humble Service to you
Last week I rec^d abt the So. Sea Ho. y^r. 1/2 Years Dividend ^{to his share} on 655.7.6.
Old S. Sea Annuities 13:2:- it should have been 1. more but for want of
change & to punish me for going after 12. they stop^d the odd 1. & yesterday
I call^d for y^r. Dividend on the order encl^d but when I came to receive
~~them~~ ^{found} by their Books you had wrong^d y^r. self as you will see by the
sums underwrote instead of 176:5:- y^r. order should have been for 198:5:7.
New So. Sea An. & instead of 88:2:6. y^r. order sh^d. have been for 66:1:11.
for y^r. capital Stock in the So. Sea Companies Books, so I have return^d y^r. Notes
for others. I find my letter of 13th of April last led you into this mistake, but my letter
of the 10th of July 2^d y^r. sending Blank rec^t. to be fill^d up at the So. Sea Ho. but now
you

7
you have the true sum, and I submit to you whether you will not
make ^{both} ~~both~~ yr. Annuity Principals ~~200.~~ ^{200.} if they it will be permitted

I am glad to hear you have got rid of yr. Ague, and wish you had at the
same time told me of yr. Cousin Dillington's, getting rid of her Nervous Spleen.

I will make yr. proposal to W. Green about the Cent. Preacher, the first
time I see him, and let you know his answer. I begin now to despair
of W. Hopmann's doing you Justice unless his Bond may ever be put
in Sate agt. him either living or dead, which the Dean & Chapter will
not do. Mr. Davis I find thinks he has taken a great deal of trouble and
expects a gratuity though nothing has come of it, though I always told him
if he succeeded he might expect a gratuity and a handsome gratuity but
not otherwise. My humble service to the Ladies, & all else to believe
that I am, Madam, with all good wishes of the approaching season to them & you.

happy Situation. I have just now a letter from Mr. Mary Thom
Hamrah's, niece desiring me to request you would remember her
for a Chambermaid's place when you have ^{to mention} her
good acquaintance. Her mistress being near her Time, a Nurse is coming into
the family that she prefers will make her service very unacceptable, tho'
Her mistress tells her she shall be very loath to part with her. You may
safely

Quarter for his pocket Expenses, and thank you for approving
of his learning the Mathematicks, a Science that will be always
usefull to him in ^{every} Station of Life. Though it happens
~~unluckily for him~~ at this Juncture that his fellow Prentice being
ill ^{M^r. Adams} is more attach'd to the ~~Cubicle~~ of the Shop and cannot
be spair'd those long Evenings which is the time he expects
to spend in that Study 2. or 3. Even! of the week, but
W^o. Lloyd is so indulgent that he doubts not when y^e
Days are longer, of getting his leave for acquiring such
an accomplishment: when his fellow Prentice recovers to supply
his place in the Shop. Y^r. Neices were ^{both} well and this day

something of the Success of y^r. Memorial & Letter to the
Countess of Harcourt &c. I have not been wanting to call

him till just now, he tells me he has call'd on M^r. Lamb but
did not find him at home, nor leave the memorial which I am

I was alarm'd of the ~~breach~~ ^{ending} of my
last ~~answer~~ ^{of 31. Dec^r} in so great a hurry with so unsatisfactory an
answ^r but the ~~hurry~~ ^{to yr. Grace's letter of the 24th} of other business of the Society constrain'd
me to it. I have ^{this day} again waited on Mr. Gold to importune him
presenting yr. Memorial without delay to the Countess of Harold
He^r when he ^{plainly} told me it was impossible for him to do it till
the beginning of next week, being oblig'd as a Director of
the Bank to give his ^{My Lord} attendance ~~there~~ ^{there} closely all this week
at which ans^r. I own I was not a little shock'd, but could
not help my self, the matter being lodg'd in his hands from
whom it would come with weight if he would but exert himself
even at the last day, nor am I ~~still~~ without hopes of its succeeding
still if it be presented but one day before the Acco^t of their next
Distribution is clos'd. This has made yr wish that I had in
my former letters to yr. Grace urg'd the importance of send-
ing ^{over} ~~an~~ ^{more explicitly} ~~perfect~~ ^{My Lord} Agent from Ireland to solicit ^{by yr. Corporation and} ~~our~~ ^{the} ~~affairs~~ ^{the}

I converse with, all express a willingness to come into the Service
none cares to be ^{in promoting a laudable design} ~~fill'd~~ ^{in this manner} for fear of giving
an umbrage of being ^{too officious} ~~too~~ but a propos'd Agent authoriz'd

of success abundantly more than would countervail the Expence
that would attend his agency; ~~supporting~~ My Lord, The Parliam^t

ease of access than at any other time of the Year, and
I believe the Report will be as great as ever it was, upon
the ~~next~~ opening of a Parliament. ^{its being the 1st Session of a new Parliament} by reason of the ~~present~~ ^{present} ~~time~~ ^{present} of Pub. Affairs of which ~~Yr. Grace~~ ^{Yr. Grace} need not to be in-
~~formed~~, requiring the attendance of those that wish well to
their Country, of which Yr. Grace need not to be informed.

I say such a juncture as this cannot, ^{I hope} but be favourable

and more to open themselves in this City that has suffered so much by them,
God forbid that there sh^d be less zeal in the
Protestants of Gr. Brit. & Ireland to defend
their Knowledge & Profession of the ~~Christian~~ ^{Protestant} True

S^r. Nothing but the consciousness of my Integrity & Zeal for the Service of the Society & particularly the Mission could have supported me under the Torrent of Repentment which you was Witness to last Saturday.

I don't not but M^r. Ziegenhagen who cannot be suspected to want Zeal for the Mission, will be so just as to excuse to the Society my keeping my promise to him of not exposing those letters which he imparted to me, on condition I would not let the Contents be known, and that he will convince the Society that it was much agst. my inclination to conceal them, tho' neither he nor I could see which way the Grievances complain'd of, could be redress'd by the Society any more than they could dethrone the Great Mogul. He thought the exposing of them would exasperate the Enemies of the Mission and make them more outrageous, as an indiscreet publication of them would undoubtedly have done.

This however I sh^d. rather have submitted to the Society if my reasons could have prevail'd, as a proof of wh^{ch} I enter'd them among the Missionaries Letters unknown to M^r. Ziegenhagen which I hope he will forgive my doing, without which Entry they might have remain'd a Secret to the Society many Years longer if not for ever.

It won't become me to object to any Rule the Society thinks fit to make for restraining their Secy, but if I can demonstrate that the Rule propos'd last Saturday will very much disserve the Society, you will pardon me that I submit the Reasons to y^r. consideration.

If I had been reserv'd, and not freely acquainted M^r. Hollis from time to time with the State of the Mission and Saltzburger, he would not have been so liberal a Benefactor to neither but apply'd his Charity another way, and if I cease to be communicative to him, you will go nigh to hear no more of him; the like may be said of another Gent. who has lately settled the Reversion of 1250. l. on the Society upon my acquainting him with their Designs, and clearing up the Sum-
-files he was under on Acc^t. of the Society; not being incorporated &c.
and what does the Secy get by these & other Instances of his Zeal but the pleasure of serving the Society.

Had the Rule propos'd been in force before these Letters from the Missionaries came to hand as they were not sent to me, they would not have been in my power and consequently neither the Society nor their Secy had ever known any thing of them, while the Gent. who possess'd them was bent upon concealing them for reasons, which he thought good, since they were left to his discretion to divulge them or not, as he thought most for the Service of the Mission. I should have applied to M^r. J. at first but as you had

Yesterday M^r. Frelove the undertaker sent ~~him~~ in

plain 2 Articles at least but the Rain prevented me. Viz^t. That
of the coffin and the velvet Pall. The first D^r. Green & I don't might
be a cheap of an Elm Coffin as possible and the last there was no
occasion for as there was to be no boxes but in these cases the Master
Undertaker thinks it below him to attend, and therefore
leaves it to a Deputy who aggravates or follows directions
just as he pleases for his Masters interest.

As for the Hearse and Coach M^r. Frelove told me as
they would be cheaper than to have Bearers to carry the
Corps all the way ^{round by} considering the distance of the ground
from your house to Grey's Inn Lane.

The other Articles are dear enough but I suppose customary

13. Nov. 1735.

Rev. Sir. W. Conmaker call'd on me this

day, and did not know of yo^r Brothers Death till I
acquainted him therewith. I made him the proposal I mention'd
about the Rem. & he said his Orders were to transfer so much
Bank Stock to Mr. H. as was left by S^r J. de Newville & take
his discharge for the legacy after discounting w^h had been advanced
so y^e as things are now circumstanced he cannot pay the Rem.
without further order, tho it were to an Executor or Administra-
tor, w^h is submitted to your Consideration. The Rem. will be
be above 100^l including 2^d Dividends that have been paid
to S^r de N. Executors since the legacy became due.
I told Mr. Conmaker y^e he would be indemnified for whatever
sum was p^d to you on Acc^t of the Rem. but he said the
Rem. would not be in his power at the Bank without a proper
Discharge from Mr. Hales himself, his Executor or Admi-
nistrators.

Mr. Hales din'd with me Yesterday & readily consents
to my delivering to you the 11 things. I shoud you & whatever
belonged to our deceased Friend, but to prevent you & myself
having any trouble about it may be best to demure a little
while upon it to see whether anybody will concern themselves
in taking out Administration. I shoud be glad to be
eas'd of them to morrow if practicable upon 2^d Acc^t vizt
My own mortality & that they are in the way.

 I call'd on him yesterday, but he being in haste to go out to his Land,
 not being in the way I could not press on him to make it. He has
 furnish'd y^r. Chambers as elegantly as any Chambers I know in
 the Temple, having laid out above 3. score pounds in the furniture
 which I was glad to see, because it will engage him to stay in 'em.
 He told me the Chimney piece of the Great Room was a disgrace to his
 furniture, and that the expense of about 3. Guineas would put Marble
 instead of wood answerable to the good Slab that is plac'd for the Hearth,
 & also cure the Chimney of smoking as it does some times, by contracting the
 aperture

D^r Sandilands who liv'd a few years ago near over ag^t Cecil Street

Daughter that y^e do, and I gave him all the Papers & assistance I could

Col. Hamilton has acted so
unfairly with my friend ^{late} W. Sandilands, that I have often repented that

told me that he had already given you instructions

he wonder'd that you had not observ'd his directions,

a Dragoon in the Spanish Service and lately
a Domestic of Count Montijo in quality of Groom of his
Stables, ^{or something of the way} whose Gent. of Horse has now discharg'd him

Such a Serv^t. I know would be much valu'd by some

a proper application, to put the poor man into a way

of Rome out of his own Pocket, though he has nothing
but himself to live on but what is given him by

DEAR

I am exceedingly oblig'd to You for the pains
you have taken to enquire after Mr Salt on stall Mr Curtis's
Original Letter and a copy of yours to me of the 7th Inst. now
lies before the Lords of y. Admiralty and what Orders they have
given thereon to Capt. Smith. I want tell, tho' I have call'd
these thrice to enquire but neither time ~~will~~ had the
Happiness to meet it. Mr Ba: Wager or his Secy

By the Acc't. you and Mr Curtis have given it looks too
likely that the Doorman is come to an untimely End but
there wants more facts to point out it. Certainly by it. hand
or hands he has come to y. End, the persons ^{who} barbarously
abus'd him at 11 o'clock at night on the Point are very
much to be suspected to have ^{may} laid him on his journey, but y.
alone will not condemn em, unless some of em, can be
brought to confession & become evidence against the Others

it perhaps Cap. Smith may by his prudence be able to discover

In the mean time pray desire Mr. Curtis to inform himself whether Mr. Saltonstall was seen at the next Stage where he may be supposed to have ^{rested} himself, whether he had any ^{company} when he set out & who they were y^t were wth him. If he was alone it was very ill advised in him to undertake a Journey to London, on foot, who so perfect a Stranger to the Road, especially after the way he had met wth. And tho' Mr. Sharpe and Atkinson &c^a merit to be suspected for their Barbarity to him it is not impossible but that he may be murdered by other hands, beside his Body must be found & other Circumstances cleared before any effectual Proceed can be made ag^t. the murderers.

Your letter signifies y^t he left Mr. Dean's 7 Weeks before the first sett. which makes the day of his Departure to be 12 of Jan. & pray how long before y^t was he discharged from the Windsor? & where did he spend all y^t. Interval of time between his discharge & y^t. Day of his setting out for London? These & other circumstances must be certified as particularly as possible in Order to ground an application, to his Majesty for Justice.

Mr. Belcher & I thank Mr. Curtis for the Particular Accot. he has given, and desire he would continue to inform himself and us of any other particulars y^t may give Light to Mr. Saltonstall's Friends to know it. is become of him.

I have enquired at Lloyd's Coffee house & y^t. N. England Coffee house after him but they knowing nothing of him more y^t. that such a man is expected. I again

thank You for your diligent Enquiry on this Occasion & whatever expence you are at to continue it, beg you'll put it to y^t. Accot. of Dear Sir

Yours most humble Serv^t.

Mr. Phillips when he favoured me wth a Frank to this, particularly desired me to give ~~him~~ You his Humble Service. Mr. John has had a fit of the Cholick y^t. has confined him to his Chamber for some Weeks past, but he is now much better.

I wrote to Mr. Saltonstall the 3^d. Jan^y. last but if he set out the 12th. Jan^y. it is possible he never rec'd it. Pray take it up if it lies at the Post House in Portsmouth. I hope the Postage was paid. Before Sealing I hear the L^{ds} of the Admiralty have given directions to Cap^t. Dear Sir
 Recd your letter of y. 21. ~~last~~ Curr. and
 according to your desire open'd y. Governor's
 Packet in w^{ch} I found y. ~~letters of Attorney~~ and
 four enclosed Letters n^o. one to My self and 5 letters
 of Attorney and 2 Bills of Sale from y. under-
 mentioned sailors in y. Scarborough.

Tho. Richards for	19. 06. 9
Benjamin Marshall	13. 08.
John Waterman	10. 10. 9
Thomas Emerson	30. 03. 6
Mark Cullymore	49. 03.

So there is wanting Making 124. 12.
 To make up y. Sum n^o. y. Govern^r. says 117. 05. 6

But there are no Tickets for any of these Bills of Sale in Packet unless they are in your Letters enclosed. The Governour says he has sent a List of 6 Tickets w^{ch} is also not in this Packet. Nor will they be paid till I can produce y^r. Tickets. The Scarborough is paid off but they tell me at Mr Jasper's Office y^t there will be a recall of y^r. Ship for such Payments as are not yet made w^{ch} will be notified in y^r. Gazette to give me Notice of it. I find all y^r. Letters of Attorney are made in my Name for a reason w^{ch} I suppose his Excellency has given you and believe y^r. Tickets are sent over to Mr. Townshend, w^{ch} therefore you may think proper to write to him for y^t he may deliver them to Mr. P, for y^r. Reason above mentioned.

I have also a Letter for Mr. Holden w^{ch} I have not sent because you wont want to deliver it till your Return.

Mr. Jasper is at Bath to whom y^r Gov^r. recommends me to get y^r. Paym^t. dispatched but his Clerk will give me any Assist^{ce} he can in his Absence when y^r. Ship is recalled.

Capt. Bennett takes away his Bag to morrow by whom I have wrote to his Excellency and shall write again about it. I ~~now~~ now write to you.

Capt. White is to sail next Week who tis said will be y^r. Last Ship this Season, tho' tis possible another may be put up and dispatched after him.

My humble Service to Mr. Butler & all Friends at Dublin y^t do me the honour to enquire after.

Dear Sir

Master Lawrence sends his humble Service to you, and wishes he might have it it were but one Line from you to Mr. George Dickinson at Fort St. George, to assure him of your Remembrance of him even in another Kingdom.

Mr. Chamberlayne and her Cousin Dillington's send their humble service to you and desire Mr. Evans, as does

I am glad to find by yr. favour of the 2^d Inst. that you have recovered the use of your hand which I wish may continue.

There is no time set for drawing the Lottery because it is not full, nor like to be till the Parliament sits to give some amendment to the act, or to Order the return of what money has been paid in. I have long since paid to Mr. Hoare 25. for the five Tickets of our friends, but I expect to receive it back again and some think the Charge of the Westminster Bridge will be defrayed by another Scheme which the good People of London will not be able to discourage as they have done this because they did not approve of the Bridge as by a Duty on Coals or some such method.

I received your Dividends at the South Sea as follows viz
1/2 a year N. S. Sea An. to mids. 1736 on 19th 5.7. ——— 3.19.3

order 20. 8. - for half a year's Rent of Winston farm due at
Michael last. 20. 8.

I should ~~have~~ have sent you this notice sooner but I
was willing to send you word at the same time I advis'd you of
the Rec^d. of your money that I had paid Mr. Maddock but not
being able to wait on her myself, I sent her notice of it the 16th
Cur^r. and ever since expected her answer which she sent yesterday
by young master Evans, but without any particular answer ab^t
the Lease, only that she thinks it is for too long a term, but of
this I presume she will signify her pleasure to you or Mr. Hodgson.
She is come to Mr James's but is very infirm and can write only
by Mr. Evans's hand.

Mr. Evans is well at Hanover but soon expected home wth
his Majesty, though I don't find the yachts which have been
ready some time are yet gone over.

One of the Letters herewith sent, I know is
from Mr. Thamer or Faner, & the other I guess to be so, by the
writing. She found me out by direction of Mr. Brown, with an ill
Intention I believe to you, in hopes I might perhaps satisfy her
Complaints, of which I patiently heard the whole Story, but I assur'd
her that you had consulted an eminent Lawyer, upon Mr. Hales's
Death and that he told you plainly if you administered, or paid any
of Mr. Hales's Debts you would be liable to pay all, and that you
therefore administered only in y^r. own right upon y^r. own Effects
which you was entitled to, or in possession of before ever you knew
him, & which he by Marriage lately could claim no Property in.
She then desir'd to know how to direct a Letter to you, I told her
I could not tell her that, but if she would write a Letter, I would

Sir
What I expected is at last come to pass —
Poor Harry ^{last Wednesday} dismissed from the School at Chelsea with a
Letter to his Father and an Aus^r of the charges for last Quard^r.
but his father is not to be found, having left his Lodgings in
Warwickstreet Charing X. and they cannot or will not give
any Aus^r of him. I told Harry I could not open a sealed
Letter to his Father, but he said he could not go to School again
without an Answer, that it only concerned himself and therefore
opened it, which having read I found as he said it wholly
related to him, and enclosed a very reasonable Aus^r for Charge
last Quard^r. I think abo^t 8. pounds for I covered it immediately, to
Col^d. Townsend wth a Letter from Madam Duquenois wherein she
renounces all claim to any part of the 100. Legacy to Harry, that shall
be laid out for his Education & necessities &c^r. which M^r Barkley told me
was wth Col^d. Townsend insisted to have from the Marquis and his Lady
before he would break in upon the Legacy. M^r Barkley is now in
Northamptonsh. where he is to stay for sometime, and I have been
twice to wait on y^e Col^d. in vain he being both times from home attending
I suppose a Court. I think we and Harry next monday wth a Letter
to him to request he would appoint a Quarter of an hour to Confer on
y^e poor Boy's Case who must be sent to some School or other to redeem
the time he has lost. In the mean time I have called at M^r Attoth's
Academy, of which I hear a very good Character for teaching all the parts
of Learning mentioned in the enclosed papers. I told him Harry's Case
& that if he would abate the Article of Entrance Money, I would
recommend it to Harry's ^{friend} to put him under his Care. He told me
he told me he had from y^e to Dr. Guinay for every Boy he had and that
he must pay some of the under Masters $\frac{1}{2}$ a Guinea each out of his
own pocket if he was not allowed it, but in regard to his Case and
that he was not design'd to stay wth him but till he could be sent
in the Spring on board a man of War he would be content wth 2
Guineas for Entrance. He promises likewise to allow him no Holy-
days except 2. or 3. days at Christmas that he may redeem as much
of his lost time as he can. I wish you would signify y^e pleasure
to Col^d. Townsend or mention his head by the first post.

My humble service to Lady Bradshaigh & y^e Children to
whom Harry sends his humble Duty, & service, and desires the same
may be acceptable to his Uncle, by
